

ACDelco

AUTOMOTIVE WHEEL CYLINDERS FOR MOST MAKES & MODELS

**NEW ACDELCO
PRODUCT RANGE**

BRAKE WITH CONFIDENCE

The key to doing a quality brake repair is doing it right the first time with quality parts to restore like-new performance! ACDelco wheel cylinders are dependable, durable and tested to the highest standards to ensure safety when driving. Manufactured with premium materials and tested to meet or exceed ACDelco's stringent quality standards, our wheel cylinders are designed to ensure optimal braking performance for your customers.

FEATURES & BENEFITS

- Wheel Cylinder range covers most common applications
- Wheel Cylinders compliment current ACDelco Brake Shoe range
- Cast iron or billet aluminium construction (varies by application)
- Precision manufactured for effective stopping performance
- Long service life with consistent performance
- Premium synthetic rubber seals (EPDM)
- Increasingly common due to Light Commercial Vehicle market growth
- Tested through more than 300,000 brake application cycles
- Designed to withstand extreme braking loads
- Produces smoother brake pedal travel

ACDelco

BE CERTAIN.
