YOU ASKED FOR IT, and HERE IT IS!

For years our customers have been asking us for the parts and accessory items they need when restoring their Dodge or Plymouth muscle car. So we have added a "Parts & Accessories" section to our catalog with a collection of clips, screws, moldings, lock sets, emblems and more to help you finish your project. This new section starts on Page 51.

"A" Body

With light weight bodies and hot motors, A-Body Dodge and Plymouth muscle cars quickly became favorites. The 273, 318, 340, and 360 engines are the stuff of legend today, and Chrysler's unique slant-six has to be the unchallenged king of inline six cylinder engines. Add these great engines to stylish body designs, low initial purchase price, and available factory graphics and it's easy to see why these cars were so popular. Today you can get top quality Chrysler licensed reproduction body panels for your A-Body, from the restoration professionals at Auto Metal Direct. **Call now!**

“B” Body

Back in the day, whenever you heard the unmistakable rumble of a big-block Mopar engine on the road, there was a very good chance it would be a B-Body muscle car, whether a Charger, Roadrunner, Super Bee, GTX, or Coronet RT. Today muscle car enthusiasts worship these special cars *(as you often see reflected in prices on the auction block!)*, but for many years it has been tough to find good quality body parts. Here at Auto Metal Direct we REALLY know Mopar cars inside and out. Check out the parts on the following pages!

Some items listed below are not shown in the exploded view on the previous page.

Hoods

A brand new Steel Hood is the only way to go!

Eliminate the rust, dents, body-filler, and hood scoop holes found in old worn B-Body hoods with a brand new steel factory-style Hood from Auto Metal Direct. All underside bracing and brackets are faithful reproductions of originals, and are manufactured on our own steel tools. Fully coated with EDP, these gorgeous hoods will look great on your car for a very long time.

"E" Body 2-Door**

"E" Body

In 1970, Dodge/Plymouth introduced a sleek new body style - the E-Body Challenger and Barracuda - their first real contenders in the pony-car market.

Some items listed below are not shown in the exploded view on the previous page.

Parts & Accessories

YOU ASKED FOR IT, and HERE IT IS!

For years our customers have been asking us for the parts and accessory items they need when restoring their Dodge or Plymouth muscle car.

Welcome to the all-new Parts and Accessories section of the AMD catalog.

This just makes good sense. After all, when we ship your sheet metal body parts to you, they arrive in a large cardboard box, which has LOTS of empty space inside. When we fill those empty spaces in the box, there is normally no extra shipping cost! You can save big, while getting all the parts you need to finish that restoration project!

So, go ahead! Look through the following pages filled with our terrific selection of premium quality parts and accessories for your favorite Dodge or Plymouth muscle car. Then, when you find everything you need, just place your order online, call our order desk, or use an order form and send it through the mail. Or...perhaps you would rather call our friendly and experienced Dodge/Plymouth parts experts, and let them help you through the simple ordering process.

Sheet Metal Patch

19 gauge. Can be used to patch any part or form any shape.
