METRA

DEAR CUSTOMERS AND FRIENDS,

1946 was the beginning of Metra Electronics in Brooklyn, NY, starting as a small TV sales and repair shop called Metro TV. Through contacts and friends at New York's Taxicab commission Metra's founder, who happened to be an engineer, was asked to help design brackets to be able to retrofit an AM radio into taxi cabs. That was the beginning of automotive aftermarket manufacturing for Metra 75 years ago.

The parts that were made back then are decidedly different than what we make today but the mission is still the same. We make the parts that are needed to be able to add aftermarket equipment to vehicles. We are proud to be able to continue that mission and we are proud that we will be able to for decades to come.

2020 was a very unprecedented year. The Covid pandemic had very unexpected influences on our business. We had to put in place new policies and procedures that would allow our facility to stay open so we could continue to produce products for a business that was having tremendous growth. Like everyone however, we had to cope with shipping delays, raw material shortages and pricing pressure. But through it all we persevered and now we can see the light at the end of the tunnel.

We still continue to provide more new products than anyone else in our industry. We have added many new dash kits, speaker adaptors and harnesses. We have added new items to our Axxess, Heise, Daytona Lights, Metra PowerSports, Raptor, T-spec and The Install Bay lines. We have also made improvements to our digital presence. We are updating websites and are in the process of improving all of our content. Online is an important form of communication to both our customers and our customer's customer. We understand that this is the channel people use the most to get their information about which choices to make when it comes to items they need and want. Therefore, we have made the necessary investments in order to support and improve our online presence.

Thank you so very much for your continued support of Metra Electronics. Obviously, none of us have been here for the entire 75 years of Metra's existence. But we do know and follow our history. We understand that the obligation Metra has to the mobile electronics and automotive accessory businesses is very important. And it is our responsibility to provide the best products and service necessary to make the installer's jobs easier and more profitable. Our commitment to that obligation is to continue to improve and strive to provide the best of the best for another 75 years.

Warmest Regards,

Bill Jones
President/CEO
Metra Electronics Corp.

CORPORATE MISSION

THE INSTALLER'S CHOICE

To enthusiastically and aggressively approach any opportunity to utilize our braintrusts, facilities, strategies, alliances and capital for the advancement of our employees and stakeholders.

There will be no limitations as we strive to create, innovate, manufacture and deliver high quality, good value products to not only satisfy but also astonish our customers.

By following our vision and attaining high levels of honesty and integrity, we will experience the joy of competition and winning.

FIND THE PARTS TO FIT YOUR VEHICLE

Download our Vehicle Fit Guide app for Android™ or iOS® or you can visit to search by product or by vehicle and obtain a product picture and instruction manual.

To find a product by part #, look it up in the Product Locator section of this catalog.

N NEW   **P** PAINTED   **T** TEXTURED   **D** DOUBLE-DIN

Metra Electronics is the only aftermarket dash kit manufacturer designing installation kits specific to the non-traditional DIN and Double-DIN radios that have been hitting the market. "There are many obstacles to overcome when designing installation kits for radios going into vehicles that have limited space. The new radio designs with less bulk provide Metra's engineers with more freedom in creating a product to install a sleek looking screen into a dashboard that doesn't have space for the larger footprint of the typical ISO Double-DIN radio that we've been designing for over the past 20 years. The new style radios are a major improvement to our industry and Metra is proud to be at the forefront of this trend with solutions to make installation seamless,"

COMPACT CHASSIS SHALLOW MOUNT   **COMPACT CHASSIS TOP MOUNT**   **COMPACT CHASSIS BOTTOM MOUNT**

107 SERIES:

The 107 Series is designed specifically for ISO Double-DIN radios which have an "L" shaped chassis design, with the radio chassis at the bottom of the screen like the Alpine iLX-207 or the chassis at the top of the screen like the Sony XAV-AX5000. In some cases, the kit can also be used for what we call shallow chassis mountable radios. These may be full height of traditional Double-DIN, but about half the depth, allowing for kits to be designed for cars without that depth. They are also designed for Pioneer modular 6.8" radios like the DMH-C2550NEX and DMHC2500NEX. A modular radio is a screen with a separate radio chassis that can be mounted up to 6 feet away (with the Pioneer products)

108 AND 109 SERIES FOR PIONEER 8" AND 9" MODUALR RADIOS:

The 108 Series is designed specifically for Pioneer's 8" modular solutions receiver (DMHC5500NEX).

THREE MULTI-APPLICATION "FLOATING" KITS FOR PIONEER MODULAR RADIOS:

Using a Double-DIN Metra kit mounted to the vehicle and then the 109-UN02, 108-UN02, or 107-UN02 mounts the Pioneer radio chassis into the dashboard and allows the Pioneer screen to float out in front of the factory radio opening. Instead of creating a whole new line of 1,000+ dash kits specifically for these radios, the universal kit allows an installer to take kits they already have and make them work for this, without custom fabrication.

MINI **Countryman** | **Paceman** 2011–2016 (without factory NAV)
• Designed specifically for 6.8" Pioneer® Modular Solutions DMH-C2550NEX and DMH-C2500NEX
• See radio manufacturer for current models
• Includes a block out panel for factory radio buttons no longer used
• High polished processing provides a look that's similar to both the aftermarket radio and factory finish

PATENT PENDING

108-MI1 〈Turbo2〉 P

MINI **Countryman** | **Paceman** 2011–2016 (without factory NAV)
• Designed specifically for the 8" Pioneer® Modular Solutions DMH-C5500NEX
• See radio manufacturer for current models
• Includes a block out panel for factory radio buttons no longer used
• High polished processing provides a look that's similar to both the aftermarket radio and factory finish

PATENT PENDING

107-MZ1B P D

MAZDA **CX-3** 2016–2020 | TOYOTA **Yaris** 2019–2020
• Designed specifically for ISO Double-DIN radios which have an "L" shaped chassis design, with the radio chassis at the bottom of the screen like the Alpine iLX-207
• Also designed for Pioneer modular 6.8" radios like the DMH-C2550NEX and DMH-C2500NEX. *See radio manufacturer for current models
• Painted scratch-resistant matte black

PATENT PENDING

TOYOTA

107-TO1HG P D

TOYOTA **RAV4** 2019–UP*
• Designed specifically for ISO Double-DIN radios which have an "L" shaped chassis design, with the radio chassis at the bottom of the screen like the Alpine iLX-207
• Also designed for Pioneer modular 6.8" radios like the DMH-C2550NEX and DMH-C2500NEX. *See radio manufacturer for current models
• Painted high gloss black to match the factory appearance

PATENT PENDING

108-TO1B P

TOYOTA **Tundra** 2007–2013 | **Sequoia** 2008–UP*
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted scratch-resistant matte black

Manufactured under one or more of the following U.S. Patents and pending applications #D894176

Metra® CALL TO ORDER **1.386.257.2956**

N NEW   P PAINTED   T TEXTURED   D DOUBLE-DIN

108-TO1HG　P

TOYOTA **Tundra** 2007-2013 | **Sequoia** 2008-UP*
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted high gloss black

🔒 PATENT PENDING

108-TO1CHG　*Turbo 2*　P

TOYOTA **Tundra** 2007-2013 | **Sequoia** 2008-UP*
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted high gloss charcoal (matches 2010-UP*)

🔒 PATENT PENDING

108-TO2B　P

TOYOTA **Tacoma** 2012-2015
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted scratch-resistant matte black

🔒 PATENT PENDING

108-TO2CHG　P

TOYOTA **Tacoma** 2012-2015
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted high gloss charcoal

🔒 Manufactured under one or more of the following U.S. Patents and pending applications #D904389

108-TO3B　P

TOYOTA **Highlander** 2008-2012
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted scratch-resistant matte black

🔒 Manufactured under one or more of the following U.S. Patents and pending applications #D904391

108-TO3BR　P

TOYOTA **Highlander** 2008-2012
Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• Painted brown to match the factory finish

🔒 PATENT PENDING

Metra

RADIO SPECIFIC

108-TO4 (P)

TOYOTA **Camry 2015-2017**

Designed specifically for the Pioneer DMH-C5500NEX 8″ radio
• Built-in multiple pieces and painted two-tone to match the factory appearance

PATENT PENDING
108-TO5HG (P)

TOYOTA **Corolla Hatchback 2019-UP* | Corolla 2020-UP***

Designed specifically for the Pioneer DMH-C5500NEX 8″ radio
• Painted high gloss black to match the factory finish

PATENT PENDING
108-TO6HG (P)

TOYOTA **RAV4 2019-UP***

Designed specifically for the Pioneer DMH-C5500NEX 8″ radio
• See radio manufacturer for current models
• Painted high gloss black to match the factory appearance

PATENT PENDING

107-TO7HG (P)

TOYOTA **Highlander 2020** (without factory 12.3" screen)
• Designed specifically for ISO Double-DIN radios which have an "L" shaped chassis design, with the radio chassis at the bottom of the screen like the Alpine iLX-207
• Also designed for Pioneer modular 6.8" radios like the DMH-C2550NEX and DMH-C2500NEX
• Painted high gloss black to match the factory appearance

PATENT PENDING

108-TO7HG (P)

TOYOTA **Highlander 2020** (without factory 12.3" screen)
Designed specifically for the 8" Pioneer® Modular Solutions DMH-C5500NEX
• See radio manufacturer for current models
• Painted high gloss black to match the factory appearance

PATENT PENDING

109-TO7 (P)

TOYOTA **Highlander 2020** (without factory 12.3" screen)
Designed specifically for the 9" Pioneer® Modular Solutions Receiver (DMH-WC6600NEX) Radio
• See radio manufacturer for current models

PATENT PENDING

Metra®

(N) NEW   (P) PAINTED   (T) TEXTURED   (D) DOUBLE-DIN
UNIVERSAL TRIM

108-UN01

UNIVERSAL **Trim**

Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• 3/8" border trim that snaps onto the Pioneer's separate screen
• Designed for the finishing touch to a custom-built install

Manufactured under one or more of the following U.S. Patents and pending applications #D894174

108-UN02

UNIVERSAL **Floating Mount**

Designed specifically for the Pioneer DMH-C5500NEX 8" radio
• A universal solution to install a Pioneer DMH-C5500NEX 8" radio with a separate screen and chassis into just about anything
• A complete housing encases the Pioneer's 8" screen
• Designed to "float" the Pioneer 8" screen in front of a vehicle's original radio location using the case and bracket combination
• A series of brackets provide the ability to easily mount the radio's chassis into the radio/pocket location of 250+ existing Metra Double-DIN kits for 1990 to current vehicle applications.

Manufactured under one or more of the following U.S. Patents and pending applications #D898019

UNIVERSAL FLOATING MOUNT

107-UN02 Ⓟ

Universal **Floating Mount Kit Pioneer 6.8" MODULAR Radios**
• Engineered specifically for 6.8" Pioneer Modular Solutions Receivers like DMH-C2550NEX and DMH-C2500NEX
• See radio manufacturer for current models
• A complete housing encases the Pioneer 6.8" modular radios
• High polished processing provides a look to match both the aftermarket radio and factory finish

🔒 PATENT PENDING

109-UN02 Ⓓ

Universal **Floating Mount Kit Pioneer 9" Radios**
• Designed specifically for the 9" Pioneer® Modular Solutions Receiver (DMH-WC6600NEX) Radio
• See radio manufacturer for current models
• A complete housing encases the Pioneer 9" screen
• High polished processing provides a look to match both the aftermarket radio and factory finish

🔒 PATENT PENDING

71-1777

FORD **Focus 2000-2004**
MERCURY **Cougar 1999-2002**
• Plugs into OEM radio

70-5510

FORD **1986-2000 Amplifier Integration**
• For all amplified systems using a 35-watt or greater radio
• Harness length with RCA jacks: 12"
70-5511

FORD **1986-2000 Amplifier Integration**
• Amplifier integrator system for aftermarket radios 35 watts or less
• Plugs into car harness at radio
• High-level speaker input

70-5512

FORD **1989-2000 Premium Sound System Amplifier Integrator Plug**
• Plugs into pre-amplifier harness at radio (to be used with 70-1704)

70-5513

FORD **1989-2000 Premium Sound System Amplifier Integrator Plug**
• To be used as a jumper bypassing the factory amplifier
• Plugs into pre-amplifier harness and into speaker harness at amplifier

70-5514

FORD **1989-2000 Premium Sound System Amplifier Eliminator System**
• Plugs into car harness (power and pre-amplifier)
• Plugs into amplifier harness and into speaker inputs

70-5515

FORD **1989-2000 Non-Amplifier to Amplifier**
• OEM radio integration
• Takes OEM radios that do not need the factory amplifier and allows you to install it in Ford/Lincoln/Mercury vehicles that have the factory amplifier and bypass that amplifier so the new OEM radio will work

70-5517

FORD **1998-2003 Premium Sound**
• 4-channel speaker input with RCA input for subwoofer

70-5518

FORD **Ranger Tremor 2002-2003 Amplifier Integration**
• Included in Ford Ranger Tremor package
• Tremor audio system amplifier integration
• Comes with 70-1771 and an 8-pin harness with 2 pairs of RCA plugs

N NEW   **B** BYPASS   **I** INTEGRATION

PLUG&PLAY
CONNECT AFTERMARKET RADIOS TO THE CAR FACTORY HARNESS WITH NO CUTTING, SPLICING OR SOLDERING!

TURBO WIRE

Part Number Conversion
Model numbers represent the aftermarket radio type and corresponding Turbo Wire four digit part number suffix. For specific vehicle applications, see the Turbo Wire section of this catalog and the application chart at the back. A "universal" Smart Cable with 0001 as the suffix is the radio plug only with 5.5" wires and no vehicle side harness on the other end.

COMBINATION DESIRED:

PIONEER **Radio** to GENERAL MOTORS **1988-2005**
JVC **Radio** to NISSAN **1995-UP***
ALPINE **Radio** to TOYOTA **1987-UP***
KENWOOD **Radio** to UNKNOWN VEHICLE

HOW WE DO THE "MATH" & SMART CABLE PART

PR01 + 70-1858 = **PR01-1858**
JV16 + 70-7550 = **JV16-7550**
AL16 + 70-1761 = **AL16-1761**
KN16 + 0001 = **KN16-0001**

EXAMPLES:

UNIVERSAL = 0001
70-1002 = 1002
70-1398 = 1398
70-1677 = 1677
70-1720 = 1720
70-1743 = 1743
70-1761 = 1761
70-1763 = 1763
70-1770 = 1770

44-UA20
ELECTRONIC MAGNETIC ANTENNA
• High-gain amplified antenna for FM bands only
• Active magnetic type antenna working on the magnetic field associated with a conductor excited by a microwave
• Voltage pickup is nanovolts but with the magnetic type circuitry it extracts a signal with superior signal to noise ratio
• Designed for motorcycles or convertibles (not for use under metal)
• 102" coaxial cable and power supply wire
• Gain: FM - 0/6 db | AM - 2/4 db

ANTENNAWORKS®

NEW

44-UA25

SATELLITE RADIO ANTENNAS

The Metra Roof-Mount Satellite Radio Antenna specifically for SiriusXM® Satellite Radio reception have dual-mode functionality, receiving simultaneous signals from satellites and terrestrial repeaters to ensure continuous reception. These are antennas that offer all the benefits of satellite radio and compliment the vehicle's appearance.

FEATURES:
1. Low-profile mounted design, safe for low-clearance conditions, including car washes.
2. Roof mount adhesive acrylic foam pads and necessary mounting hardware and color-coded cable connectors included.
3. Tested and proven to Automotive Environmental Standards, shock-and vibration-proof design.

44-SIXM

SiriusXM® **Magnet/Adhesive Mount Antenna**
