

SPICER®

Spicer®

Ultra-Premium Synthetic Grease

You trust the Spicer Life Series® for u-joints, slip yokes and slip joints. Don't skimp on the lube that keeps everything running smoothly.

Spicer® ultra-premium synthetic grease is the premium synthetic grease that delivers peak performance for not only Spicer Life Series® parts but all driveline components. Trust Spicer Life Series® to deliver excellent load-carrying ability, wear resistance and protection against corrosion in your automotive, commercial, off-highway, and high-performance applications.

Spicer®

Ultra-Premium Synthetic Grease

Spicer® Ultra-Premium Synthetic Grease for Ultimate Performance

Your customers want the most out of their vehicles, and that is why they count on genuine Spicer Life Series® u-joints for unparalleled performance. Trust the Spicer name when it comes to lubrication.

Genuine Spicer ultra-premium synthetic grease is the only synthetic lubricant that meets the exacting standards that have made Spicer the name people trust. Compatible with all NLGI-2 greases, Spicer ultra-premium synthetic grease delivers professional-grade quality. And it is manufactured using high-tech calcium sulfonate for superior performance and innate lubricity even at high temperatures. In addition it eliminates the need for performance additives containing sulfur, phosphorus or zinc, making it more environmentally friendly.

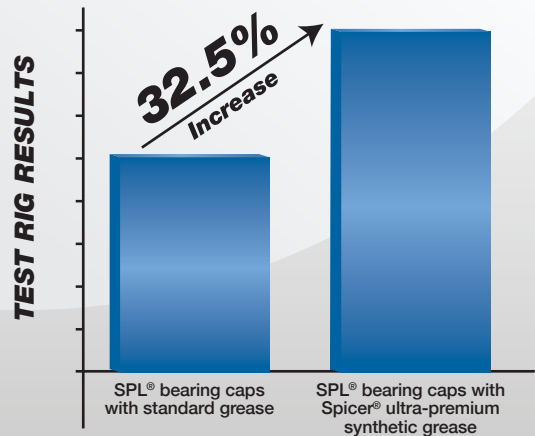

Spicer ultra-premium synthetic grease is available in 10-packs of 14-oz. tubes (SPL 1051) or 1-gallon tubs (SPL 1052). Talk to your Spicer representative about genuine Spicer ultra-premium synthetic grease today.

▲ Spicer® ultra-premium synthetic grease is the only lubricant engineered to complement genuine Spicer u-joints.

◀ Spicer® ultra-premium synthetic grease is available in convenient 14-ounce tubes so you can get the job done quickly and easily.

Spicer Life Series® Bearing Life Comparison

Lab test results conducted at specified load, speed, and angle.

▲ Testing shows that Spicer® ultra-premium synthetic grease increases bearing life by more than 30%.
