TIMING KIT WITH WATER PUMP

US Motor Works has combined the strength of a technologically orientated manufacturer, superior sales and service organization and a sophisticated global distribution network to keep the company on the forefront of the automotive marketplace.

With the focus of providing Automotive and Heavy-Duty engine parts and components, US Motor Works is constantly looking for ways to support its customers by increasing the availability of quality parts and components. Currently, US Motor Works manufactures a complete line of water pumps, fuel pumps and fan clutches. In addition to our traditional Automotive and Heavy-Duty market, US Motor Works has merged with Derale Performance and Pacer Performance to expand our manufacturing and quality assurance to the High Performance industry.

Precision Engineering and manufacturing are essential in creating products that you can depend on. At US Motor Works, quality begins with skilled technicians utilizing materials that meet or exceed OEM specifications to manufacture premium water pumps, fuel pumps and fan clutches. Our specially trained technicians apply stringent quality control standards utilizing sophisticated technology to make sure that all US Motor Works products meet the rigorous demands of our customers. When you buy US Motor Works manufactured items, you are investing in technology that has been meticulously engineered, manufactured from the highest quality materials and thoroughly tested to assure accuracy, reliability and workmanship.

With more than 50 years of combined experience, we are committed to providing an extensive line of high quality products, the finest customer service and the best support program available in the automotive, high performance and heavy-duty market. Our 99.05% fill rate is proof we're on the right track.

Custom L.E.D. Lights

A Certified ISO 9001:2015 Company

US Motor works, LLC and its employees are committed to providing an extensive line of consistent High Quality Products, the finest Customer Service and Satisfaction, through our commitment to the continual improvement of our Quality Management System of ISO 9001:2015.

OPEX: Operational Excellence

US Motor Works adoption of OPEX is a business philosophy aimed to achieve a sustainable competitive advantage. Operational Excellence focuses on the customer's needs. By leadership, teamwork and problem solving principles, US Motor Works achieves continuous improvement, empowered employees, optimized activities and processes.

Implementation of this philosophy is built on 'Lean Manufacturing' principles designed to achieve:

- World-class quality
- Maximum productivity
- Reliable delivery to the customer
- Competitive pricing

Lean Manufacturing is the foundation of the Operational Excellence implementation program to create maximum value for your customers. It builds an integrated product delivery process to meet the changing needs of customers while creating a fundamental and sustainable change in organizational culture.

Lean Manufacturing has helped us achieve:

- Substantial response time and lead time reduction with best in class On Time Delivery rate
- Significant quality improvement, and overall cost reduction,
- Constant innovation embedded as part of the day to day work at all organizational levels
- A permanent, on-going cultural change that delivers Continuous Improvement on a daily basis, with collaboration, commitment and partnership among all of the organization's employees

TIMING BELT KITS with WATER PUMP

Our one SKU kits offer a complete solution that combines the water pump, timing belt, tensioners and idler pulleys to restore the system back to its original OEM specifications.

- USMW Pro Series water pump
- High quality OE replacement tensioners
- OE Manufactured timing belt
- All hardware and gaskets included

Designed, tested
and inspected
in the USA

TIMING KIT WITH WATER PUMP

TIMING BELT KITS with WATER PUMP

HUNDREDS OF SKU'S FOR THE LATEST IMPORT AND DOMESTIC MAKES & MODELS

**Do the job once,
do the job right!**

Kits includes all the parts necessary for a complete job done right! Replacing all the timing belt system components and water pump at the same time assures the entire system will operate and perform correctly and to the OEM specifications. Our kits provide all the components designed to work and fit together to the optimum conditions. By combining these components into one kit you and your customers save time, increase sales and decrease potential returns.

**New USMW Pro Series
water pump**

- Case hardened bearings
- Precision machined surface
- Metal impeller integration

**High quality
OE replacement tensioners**

- Designed and built to OE specifications
- Manufactured with long-life bearings

OE Manufactured timing belt

- Manufactured to OE specifications
- Guarantees quality
- Designed for exact fitment
- Allows worry-free installation and operation

Product Development

With our 6 simple steps in new product development process, US Motor Works sits in the driver's seat when it comes to quick and precise product development. From product definition to design, production planning and preparations, prototype production and final production run, it's a mere 120 days or less. US Motor Work's OPEX mentality enables us to be on the leading edge of product development.

E.I.T. Electronic Information Technology

US Motor Works utilizes proprietary Electronic Information Technology as a communication and information platform for new product releases, bulletins, technical updates and general client correspondence. USMW E.I.T. is internet based with 24/7 365 days a year access to keep our clients up to date in the most efficient and expedient format possible.

As part of our E.I.T. Platform we have also added the Pro Tech Center. The US Motor Works PRO Tech Center is designed to keep you up to date with the latest articles, product releases, tech tips and videos.

A.E.T.S. Advanced Engineering & Technical Support

US Motor Works has created an engineering and technical environment from the design process to the final production product. Starting with CAD/CAM 3-D projections, computerized testing, a complete manufacturing plan and ending with a reliable distribution network. US Motor Works is able to track and control all related design, quality processes and packaging with specifications and manufacturing excellence in mind.

Manufacturing

Our State-of-the-art manufacturing utilizes our four principles; Supply Chain (improved flow), Quality Management (robust quality assurance), Production (pull & flow and 5S) and Measurements by KPI's (Key performance indicators). With these manufacturing principles and our continuous improvement ideology under the OPEX umbrella, US Motor Works continues to be the front runner among the industry leaders.

In-House Marketing & Graphic Design

Our In-house marketing and graphic design department helps to ensure our branding is at the forefront of the automotive industry. Working closely with category managers allows us to create powerful advertisement campaigns, marketing sales tools and educational pieces.

Along with the printed media, our team also works on a digital platform via brand specific websites and social media. Through social media we are able to connect with the end users and get genuine testimony of our products, thus making each brand recognizable and a name they can trust.

Trusted by professionals around the world

US Motor Works, LLC and its employees are committed to providing an extensive line of consistent high quality products and the finest customer service and satisfaction.

95

- US Motor Works Established in Commerce, Ca.

97

- Scaled up Manufacturing of Water Pumps to 30,000/Month

99

- Moved to a 30,000 sq. ft. facility in Cerritos, Ca.
- Purchased Fan Clutch Division

05

- Entered Joint Venture with Chinese Casting Manufacturer

06

- 40% Annual growth
- Expanded Facility to 50,000 sq. ft.

07

- Production reached 1,000,000 Water Pumps per year
- Opened Engineering Facility in China

08

- Development & Distribution of Electric Fuel Pumps

09

- Moved to a 80,000 sq. ft. facility in Santa Fe Springs, Ca.

10

- Became ISO 9001:2008 Certified

11

- Timing Kits w/ Water Pumps added to the product line
- Approved Vendor by APA & Viper HD

12

- Launched HD product lines
- Approved Vendor by ADN Silver
- Expanded the facility to 100,000 sq. ft.

13

- Approved Vendor by Alliance & ADN Gold

14

- Expanded HD offering into Oil Pumps & Mechanical Transfer Pumps

15

- Celebrated 20th Anniversary
- First Automotive aftermarket company certified as ISO 9001:2015
- AASA top 100 Automotive Aftermarket suppliers

16

- Purchased Pacer Performance, est.1965 Derale Performance, est.1975
- Introduced Max Cooling Kits
- USMW Professional Series undergoes re-branding
- Expanded Facility adding 50,000 sq. ft of Manufacturing & Warehouse

17

- Campaign launch for USMW HD
- Operating out of two facilities in CA (Los Angeles & Santa Fe Springs)
- More than 150,000 SQ FT of Manufacturing and Distribution

18

- Performance Division certified as ISO 9001:2015
- Introduction of mechanical fuel pumps to the line
- Auto Care Association recognizes Max Cooling Kit as an official part type (56846) water pump with fan clutch
