

# 2015 Storage Solutions & Accessories

**Tough. Reliable. USA Made.**

## **Tough & Reliable**

**We use tested and proven designs and manufacturing techniques to ensure that any product with the UWS name on it will get the job done.**

## **True Fit**

**UWS manufactures over 400 specifically tailored toolboxes covering a variety of styles, features and colors, so that at the end of the day, our customers purchase a product that will truly fit their vehicle.**

## **Made in the United States of America**

**UWS produces products in America for North Americans. We employ hard working men and women at our manufacturing facility in Florida, to ensure products are made right – the first time.**

**Tough.  
Reliable.  
USA Made.**

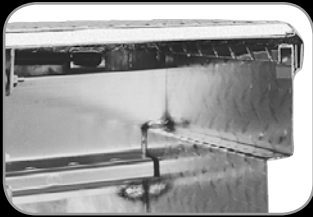

## **Pull Handle Crossover Boxes**

**UWS aluminum truck boxes are designed and manufactured for the professional workman or truck owner looking for a tough, well-built toolbox. The Pull Handle series provides more clearance for your hand making it easier to open.**

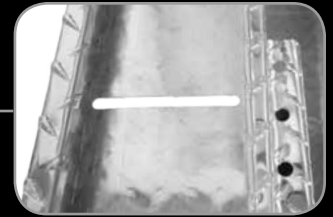

**Tough. Reliable. USA Made.**

**Patented Foam Filled Lid** creates a solid structure to prevent bending or warping and ensures easy opening and closing from either side

**Built-in Tool Trays and Screwdriver Holders** makes tools immediately accessible and adds structural integrity

**Easy to Install** NEW with predrilled mounting slots

**Self Opening Lid** automatically opens to 90° for added convenience

NEW **Riveted Badge**

**MicroSeal™ Stripping** helps seal out moisture, dust and dirt

**One Year Warranty**

**Aluminum One-Piece Tub and Lid** is designed to support heavy loads, absorb tool drops and prevent leakage

**Available in three finishes:**

- Bright Aluminum Diamond Tread
- Black Powder Coated Aluminum Diamond Tread
- NEW - Matte Black Powder Coated Aluminum Diamond Tread

**Stainless Steel Pull Handle** provides more clearance for your hand, making it easier to open

**3-Compartment Sliding Tray** for convenient small item storage and retrieval

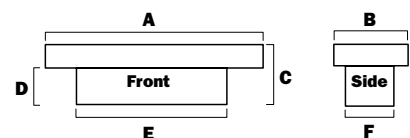

**Connecting Rod Enclosure** helps prevent box contents from bending or jamming locking system

**PULL HANDLE - LOW PROFILE - STANDARD**

## **1 Year Warranty**

United Welding Services, Inc. warrants that the products it sells are free from defects in materials and workmanship under normal use and service for a period of one year from the date of purchase to the original purchaser. This warranty does not cover defects or damage arising from improper installation, inadequate maintenance, improper storage, shipping and handling, ordinary wear and tear, misuse, abuse, accident, unauthorized service, or use with or on unauthorized products or parts, or use for any other purpose than that which is herein stated. The only liability of this company hereunder in tort and contract, under this warranty shall be limited to the repair or replacement of any product or component part which shall prove defective to the original purchaser. Secure toolbox and chestbox only with provided or approved fasteners. Do not operate vehicle with unsecured toolbox or chestbox.

United Welding Services, Inc. will not pay cost of repair performed other than in accordance with this warranty. Notice of a product believed to be defective as covered by this warranty should be directed to the original seller and should include the purchaser's name and address, original or copy of the receipt or invoice, the warranty label with code located in the inside of the lid of the box, and a brief description of the defect. Upon receipt of such notice the original seller will inspect the product and will proceed with the guidelines set forth by his supplier. There are no express warranties except as listed above. The foregoing warranty is in lieu of any and all warranties, expressed or implied. All implied warranties including, but not limited to, the warranty of merchantability and fitness for a particular purpose, are hereby excluded. United Welding Services, Inc. shall not be liable for incidental or consequential damages resulting from use of its products, or arising out of any breach of this warranty. The foregoing limitations and exclusions are intended to be effective to the maximum extent permitted by law.
