APPLICATION GUIDES

CURT Group is a leading sales, marketing, engineering and distribution company of towing products and truck accessories for all types of vehicles, from passenger cars to commercial trucks. Our family of brands includes CURT, ARIES, LUVERNE Truck Equipment, UWS and RETRAC.

We are a team of more than 1,000 associates world-wide, with manufacturing plants in Wisconsin, South Dakota, Florida and the Philippines, and 12 regional warehouses across the United States and Canada. We stand for EXCELLENCE in our products and our associates. We aspire to be the industry LEADER by recognizing that the customer is KING and our associates are our greatest ASSET.

CURT is the leading manufacturer of USA-made trailer hitches and a complete line of towing and electrical products. For everything from passenger cars to full-size trucks, our products are tested, proven and safe.

ARIES is a fast-paced marketer and innovator of truck, Jeep, SUV and CUV accessories. From automotive enthusiasts to professional builders, our products are built for the champions of individualism, innovation and attitude.

UWS is a leading manufacturer and designer of USA-made truck tool boxes. Our products are built to the highest quality standards, offering tough and reliable storage solutions for professional tradesmen and truck enthusiasts alike.

LUVERNE is a leading manufacturer of functional aftermarket accessories for pickup trucks, commercial vans and SUVs. We have been manufacturing in the USA since 1963. Our brand is nationally known and respected for quality craftsmanship and hardworking products that get the job done.

RETRAC is a leading manufacturer of OEM and aftermarket mirrors and front-end protection for heavy-duty and medium-duty trucks. Since 1957, our ongoing commitment to innovation and excellence has led RETRAC to mean "Best in Sight" to the trucking industry.

NEW PRODUCTS

UTV TOOL BOXES

44

TOUGH BUILD. VEHICLE-SPECIFIC FIT.

The new UTV tool box from UWS is the perfect way to add secure storage to a UTV, a vehicle made specifically for outdoor work. It fits a wide range of popular UTV models and installs with vehicle-specific brackets for a custom fit. The tub is constructed from powder-coated aluminum and welded together, right here in the USA, to be a single-piece design. The lid is filled with rigid foam for extra strength, and it has a MicroSeal™ to help stop moisture and keep items well-protected from the elements.

LOW-PROFILE SIDE BOXES

22

RELIABLE STORAGE. ADDED SAFETY.

This new truck side tool box is equipped with a low-profile lid for a better rear view from the truck cab. It mounts on the side of the truck bed wall for safe, secure storage. The lid is filled with our patented rigid foam for extra strength, and the box itself is constructed from welded, one-piece aluminum. It also features MicroSeal™ weather-stripping and an innovative push-button locking mechanism. Like all UWS truck tool boxes, this side box is made right here in the USA.

CROSSOVER TRUCK TOOL BOXES

KEY FEATURES

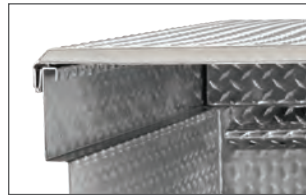

Patented foam-filled lid creates a solid structure to prevent bending or warping

0.058" one-piece aluminum tub holds heavy tools and cargo and prevents leaks

Product Details

- Extra-rigid lid also ensures smooth opening and closing
- Stainless steel lock handles for security and corrosion-resistant operation
- Connecting rod allows for convenient operation from driver or passenger side
- Wide-spread handles are easy to reach from either side of the vehicle
- Interior rod enclosure helps prevent bending or jamming of lock system
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens to nearly 90 degrees for convenient operation and loading (Secure Lock is self-closing)
- Built-in screwdriver holders for easy organization (select models)
- Sliding tray and built-in tool trays for convenient small item storage and retrieval
- Multiple box sizes available for a custom fit on each truck application
- Easy to install with pre-drilled mounting slots and included hardware
- [Multiple styles available, see pages 7 and 8 for additional details](#)

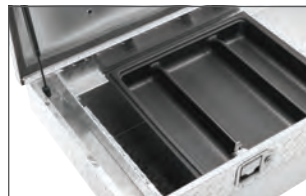

Product Features

Patented foam-filled lid adds strength and resists warping

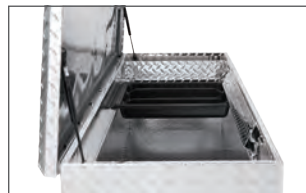

MicroSeal™ gasket helps seal out moisture, dust and dirt

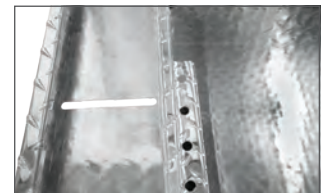

Sliding tray for convenient small item storage and retrieval

Connecting rod allows operation from driver or passenger side

Lid self-opens to nearly 90° for convenient operation

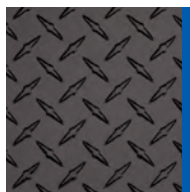

Easy to install with pre-drilled mounting slots

SECURE LOCK

Product-Specific Features

- Easy-to-operate, dual-locking twist handles offer strength and maximum security
- Synchronized locks allow convenient key operation from driver or passenger side
- Removable BedRug™ liner protects tools, reduces noise and allows for easy cleaning
- Lid opens to nearly 90 degrees for easy loading and self-closes for single-hand operation
- Built lower on the bed rail for a better view out the rear window
- Angled design to accommodate unique bed sizes and wheel well shapes (deep models only)
- Lid rail provides a reliable anchor for tying down cargo on top (select models)
- [See page 9 for part number listing](#)

PULL HANDLE

Product-Specific Features

- Stainless steel pull handles provide more clearance for easier opening
- Built lower on the bed rail for a better view out the rear window
- [See page 10 for part number listing](#)

GULL WING

Product-Specific Features

- Features two single lids for convenient half-box access
- [See page 11 for part number listing](#)

CROSSOVER TRUCK TOOL BOXES

See page 6 for additional product features

SLIM-LINE

Product-Specific Features

- Designed for truck beds with extremely limited space in front of the wheel wells
- Low profile lid available for a better view out the rear window (select models)
- [See page 12 for part number listing](#)

LOW PROFILE

Product-Specific Features

- Built lower on the bed rail for a better view out the rear window
- Angled design to accommodate unique bed sizes and wheel well shapes (select models)
- Lid rail provides a reliable anchor for tying down cargo on top (#TBS-69-LP-R)
- [See page 13 for part number listing](#)

STANDARD

Product-Specific Features

- Angled design to accommodate unique bed sizes and wheel well shapes (select models)
- Lid rail provides a reliable anchor for tying down cargo on top (#TBS-69-R, #TBS-72-R)
- [See pages 14 and 15 for part number listing](#)

EXTRA-WIDE

Product-Specific Features

- Extra box width provides maximum storage area for tools and equipment
- [See page 15 for part number listing](#)

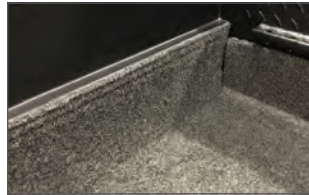

SECURE LOCK

See page 6 for additional product features

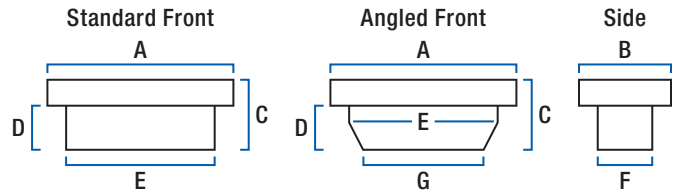

- Easy-to-operate, dual-locking twist handles offer strength and maximum security
- Synchronized locks allow convenient key operation from driver or passenger side
- Removable BedRug™ liner protects tools, reduces noise and allows for easy cleaning
- Angled design to accommodate unique bed sizes and wheel well shapes (deep models only)
- Lid rail provides a reliable anchor for tying down cargo on top (select models)

Synchronized handles unlock from driver or passenger side

BedRug™ can be removed for quick and easy cleaning

UTILITY CHEST BOXES

KEY FEATURES

Offers highly secure storage for tools, equipment or personal items

Patented foam-filled lid creates a solid structure to prevent bending or warping

Product Details

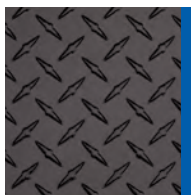

- Extra-rigid lid also ensures smooth opening and closing
- 0.058" one-piece aluminum tub holds heavy tools and cargo and prevents leaks
- Stainless steel lock handles for security and corrosion-resistant operation
- Connecting rod allows for convenient operation from driver or passenger side (select models)
- Interior rod enclosure helps prevent bending or jamming of lock system (select models)
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens to nearly 90 degrees for convenient operation and loading
- [Multiple styles available, see pages 17, 18 and 19 for additional details](#)

Finishes & Materials

TOUGH. RELIABLE. USA-MADE.

Dependability does not come automatically. It has to be earned. Whether it's an individual, a truck or a piece of equipment – earning a reputation for being dependable is something that comes through dedication, consistency and hard work.

At UWS, we are determined to provide dependable products for hardworking individuals. That is why each of our tool boxes is made right here in the USA.

From farmers, contractors and sportsmen to everyday American families – we want to give our consumers something they can be proud to mount in their truck and that will give them the security and confidence to achieve a job well done.
