

2019 CATALOG
APPLICATION GUIDES

CURT is the leading manufacturer of USA-made trailer hitches and a complete line of towing and electrical products.

ARIES is a fast-paced marketer and innovator of truck, Jeep, SUV and CUV accessories.

UWS is a leading manufacturer and designer of USA-made truck tool boxes.

LUPERNE is a leading manufacturer of functional aftermarket accessories for pickup trucks, commercial vans and SUVs.

RETRAC is a leading manufacturer of OEM and aftermarket mirrors and front-end protection for heavy-duty and medium-duty trucks.

A leading sales, marketing, engineering and distribution company of towing products and truck accessories for all types of vehicles, from passenger cars to commercial trucks. We stand for EXCELLENCE in our products and our associates. We aspire to be the industry LEADER by recognizing that the customer is KING and our associates are our greatest ASSET.

We are a unified team of more than 1,000 dedicated associates world-wide.

We manufacture products in Wisconsin, South Dakota, Florida and Mexico.

We ship from 12 regional warehouses across the United States and Canada.

Steel-aluminum
combo tanks

CONTINUOUS IMPROVEMENT. UNFLINCHING QUALITY.

UWS is committed to continuous improvement in our products, our people and our customer service. For 2019, we are pleased to introduce a variety of new assets and initiatives.

First, we have launched a brand new website at uwsta.com. This new website features a modern look, clearer navigation, improved data and more media assets. We are excited for how this new website will benefit our customers and consumers.

Next, we have launched a heavy-duty packaging initiative. Tool boxes in this program are packed with extra foam padding and placed inside a secondary box to withstand the rigors of parcel shipping. We are so confident in this new initiative that we are offering a damage-free delivery guarantee!

Finally, we are improving our product line with a greater focus on DOT approvals and quality certifications. Our new line of steel transfer tanks is a product of this effort, featuring a 100% pressure-tested design. [See page 82 to learn more.](#)

INNOVATION IN EVERYTHING WE DO.

CROSSOVER TRUCK TOOL BOXES

LOCK IT UP WITH CONFIDENCE

UWS crossover tool boxes are uniquely dependable and customized for your customers' truck – whether they're working, playing or doing a little of both. Each of our crossover boxes features our patented RigidCore™ foam-filled lid and extra-thick aluminum construction, providing enhanced structural integrity with a lightweight, non-corrosive design. We also offer a wide selection of box sizes and styles, providing a more custom fit in the truck bed versus a one-size-fits-all approach.

FEATURED PRODUCTS

Secure Lock boxes

Secure Lock boxes have unique dual-locking handles for maximum security, as well as a removable BedRug™ liner for easy cleaning.

Pull handle boxes

UWS crossover boxes with pull handles offer a uniquely comfortable grip when operating the lid, and they provide extra hand clearance.

Black badging

New for 2019, we have begun manufacturing our black boxes with a matching black badge, rather than blue, for a sleek, professional look.

CROSSOVER TRUCK TOOL BOXES

KEY FEATURES

Patented RigidCore™ foam-filled lid to maximize strength and prevent binding

0.058" extra-thick, one-piece aluminum tub holds heavy tools and cargo

Product Details

- Stainless steel lock handles for security and corrosion-resistant operation
- Connecting rod allows for convenient operation from driver or passenger side
- Widespread handles are easy to reach from either side of the truck
- Interior rod enclosure helps prevent bending or jamming of lock system
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens for convenient operation and loading (Secure Lock is self-closing)
- Built-in screwdriver holders for easy organization (select models)
- Sliding tray and built-in tool trays for convenient small item storage and retrieval
- Multiple box sizes available for a custom fit on each truck application
- Easy to install with pre-drilled mounting slots and included hardware
- Multiple styles available, see the product index on page 7 for details
- [See page 24 for application information](#)

Profile Options

Standard

Top portion of the tool box overhangs the bed rails to maximize space

Low

Built lower on the bed rail for a better view out the rear window

Handle Options

Secure Lock

Easy-to-operate, dual-locking twist handles for strength and security

Pull

Stainless steel handles provide more clearance for easier opening

Paddle

Standard handle type on most of our tool boxes, opens by pulling outward

Lid Options

Lid Rail

Lid rail provides a reliable anchor for tying down cargo on top

Single

Standard lid type for most of our tool boxes, opened facing the truck bed

Gull Wing

Features two single lids for convenient half-box access

Tub Options

Standard

Tub type for most of our tool boxes, featuring a rectangular shape

Deep

Built extra-low for max space. Available with other tub options

Angled

Accommodates unique bed sizes and wheel well shapes

Slim-Line

Designed for truck beds with very limited space in front of the wheel wells

Extra-Wide

Extra box width provides maximum storage area for tools and equipment

SECURE LOCK CROSSOVER BOXES

KEY FEATURES

Easy-to-operate, dual-locking twist handles offer strength and maximum security

Removable BedRug™ liner protects tools, reduces noise and allows for easy cleaning

See page 24 for application information

Footnotes		For the most up-to-date application information please visit uwsta.com	
1 If your model is equipped with a factory, hard-plastic Tonneau System covering the bed rail, a crossover tool box will not fit.	3 If your model is equipped with a factory track-system, standard box-mounting may not apply.	* For Gloss Black, add -B instead of -BLK	
2 If your model is equipped with a Ram Box, a crossover tool box will not fit.	4 If your model is equipped with a factory bed-rail system, standard box-mounting may not apply.	† For Matte Black with rail, use part# SLD69-A-LP-MB-R

Footnotes	For the most up-to-date application information please visit uwsta.com
1 If your model is equipped with a factory, hard-plastic Tonneau System covering the bed rail, a crossover tool box will not fit.	3 If your model is equipped with a factory track-system, standard box-mounting may not apply.
2 If your model is equipped with a Ram Box, a crossover tool box will not fit.	4 If your model is equipped with a factory bed-rail system, standard box-mounting may not apply.
	* For Gloss Black, add -B instead of -BLK
	† For Matte Black with rail, use part# SLD69-A-LP-MB-R

UTILITY CHEST BOXES

SECURE, ACCESSIBLE STORAGE

UWS utility chest boxes are perfect for keeping equipment and other cargo secure and on-hand in the bed of a truck, in the shop, at home or on the job. Each features our patented RigidCore™ foam-filled lid and extra-thick aluminum build for maximum structural strength. New for 2019, we are introducing an under tonneau chest box with our Secure Lock handle system. We continue to offer our standard chests, trailer tongue boxes, 5th wheel boxes and much more.

FEATURED PRODUCTS

Under tonneau boxes

These new utility chests are built with a 16-1/2" height and an offset lid to be compatible with most truck bed tonneau covers.

5th wheel boxes

These low-profile boxes are engineered to fit in the truck bed with a 5th wheel hitch while towing a 5th wheel trailer without obstruction.

Trailer tongue boxes

Perfect for equipment and trailer accessories, these boxes mount onto the trailer tongue on both straight-tongue and A-frame trailers.

SECURE LOCK UNDER TONNEAU CHEST BOXES

NEW

KEY FEATURES

16-1/2" high profile with offset lid to be compatible with most tonneau covers

Patented RigidCore™ foam-filled lid to maximize strength and prevent binding

Product Details

- 0.058" extra-thick, one-piece aluminum tub holds heavy tools and cargo
- Easy-to-operate, dual-locking twist handles for enhanced security
- Connecting rod allows for convenient operation from driver or passenger side
- Interior rod enclosure helps prevent bending and jamming of lock system
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens to 90 degrees for convenient operation and loading (may be limited by tonneau cover style)

5TH WHEEL CHEST BOXES

KEY FEATURES

Low-profile design provides plenty of clearance when towing a 5th wheel trailer

Patented RigidCore™ foam-filled lid to maximize strength and prevent binding

Product Details

- Designed to mount inside the truck bed, leaving bed rails free for other use
- 0.058" extra-thick, one-piece aluminum tub holds heavy tools and cargo
- Stainless steel lock handles for security and corrosion-resistant operation
- Connecting rod allows for convenient operation from driver or passenger side
- Interior rod enclosure helps prevent bending or jamming of lock system
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens to 90 degrees for convenient operation and loading

UTV & ATV TOOL BOXES

TAKE IT TO THE FIELD

An ATV or UTV tool box from UWS makes it easy for your customers to bring their tools and equipment along for the adventure – in the field, on the trail or on the job. Our UTV boxes install with vehicle-specific hardware, offering a custom fit on several popular UTV models. We also offer our ATV tool boxes, featuring a universal fit. Both are equipped with our patented RigidCore™ foam-filled lid and extra-thick aluminum build for strength, security and reliability.

FEATURED PRODUCTS

UTV crossover boxes

These crossover-style tool boxes add secure storage to a UTV and install with vehicle-specific brackets on popular models.

UTV side mount boxes

This new tool box mounts onto the bed wall of the UTV using vehicle-specific brackets, maximizing storage, security and organization.

ATV boxes

With a universal design, ATV boxes can be mounted on virtually any ATV cargo rack, and they feature side handles for easy mobility.

SIDE MOUNT BOXES

MAXIMUM STORAGE FOR THE JOB

A side mount tool box from UWS allows your customers to maximize storage space on their truck. They are particularly suited for commercial trucks. We offer truck side, topside, underbody and fender tool boxes. New for 2019, we've added a line of low-profile truck side boxes. These offer a sleeker, more streamlined look in the truck bed, integrating with our low-profile crossover boxes. All UWS side mount boxes feature extra-thick aluminum construction and are made right here in the USA.

FEATURED PRODUCTS

Low-profile side boxes

These new truck side boxes have a low profile to better integrate with our low-profile crossover boxes and provide a more streamlined look.

Fender boxes

Made for the driver and passenger sides, truck fender boxes provide a secure storage space, as well as three integrated sliding drawers.

Topside boxes

Ideal for maximizing storage space while retaining use of the truck bed. These boxes are available in single-door and double-door models.

UNDERBODY TOOL BOXES

KEY FEATURES

Mounts above or below flatbeds, dump trucks and trailer bodies

Stainless steel aircraft cables for strong door support

Product Details

- 0.075" extra-thick, one-piece aluminum tub holds heavy tools and cargo
- Door opens 90 degrees for easy loading and unloading of tools and equipment
- Stainless steel T-handles for security and corrosion resistance
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Multiple box sizes available for a custom fit on each truck application
- Available with single and double doors

DRAWER BOXES

INTEGRATED ORGANIZATION

A UWS drawer box gives your customers the perfect combination of security and organization for small items and tools. We offer drawer boxes with five integrated drawers, as well as a utility chest box with ten drawers and an integrated storage compartment. Both feature precision-injected, commercial-grade drawers and stainless steel ball-bearing drawer slides. They're perfect for the truck bed or in the garage, shop or at the office. We also offer fender boxes with three integrated drawers.

FEATURED PRODUCTS

Utility chest with drawers

This enhanced utility chest provides the ultimate secure storage and organization, featuring a large center compartment and built-in drawers.

Drawer boxes

Great for a variety of applications, these boxes have five integrated sliding drawers with stainless steel sliders for long-lasting operation.

Fender boxes

Available for driver and passenger sides, truck fender boxes provide a secure storage compartment, and three integrated sliding drawers.

UTILITY CHEST BOXES WITH DRAWERS

KEY FEATURES

Two drawer boxes with ten precision-injected drawers for storage of small tools

Four-cubic-foot center storage area for oversized tools and equipment

Product Details

- Provides greater access to and organization of small tools and equipment
- Integrated drawer design provides maximum security and organization
- Stainless steel, ball bearing drawer slides for smooth operation
- Patented RigidCore™ foam-filled lid to maximize strength and prevent binding
- 0.058" extra-thick, one-piece aluminum tub holds heavy tools and cargo
- Stainless steel lock handle for security and corrosion-resistant operation
- Front and top opening lids for easy access to tools and equipment
- Lid self-opens to 90 degrees for convenient operation and loading
- Three-compartment sliding tray for convenient small item storage and retrieval
- Carrying handles on the sides for easier portability

TRANSFER TANKS

TESTED FOR TOUGH JOBS

A transfer tank from UWS is the ideal solution for transporting non-flammable liquids, including diesel, to the jobsite. We offer several different sizes and styles. For 2019, we are introducing an all-new line of steel transfer tanks, including combo, L-shaped and rectangular configurations. The steel combo tanks are an industry-first, featuring a heavy-duty steel tank with an aluminum tool box. These unique combo tanks weigh less than full-steel models and have a sleek, smooth finish.

FEATURED PRODUCTS

Steel-aluminum combo

These combo tanks are an industry first, featuring a dual construction of steel and aluminum to weigh less than competitive, full-steel models.

Steel L-shape & rectangular

Our new steel transfer tank line also includes L-shaped and rectangular models. All feature a smooth finish in black or white powder coat.

Aluminum tanks

Our aluminum tanks are built with heavy-duty aluminum alloy and feature a commercial-grade vented cap and an integrated drain plug.

STEEL-ALUMINUM COMBO TANKS

NEW

KEY FEATURES

Industry-first steel-aluminum combo weighs less than full-steel

Unique, smooth finish for a sleek look compared to diamond plate

Heavy-duty 14-gauge steel tank is 100% pressure-tested for safety

.080" thick aluminum tool box is lightweight and non-corrosive

Product Details

- Transfers diesel or other non-flammable liquids to on-site vehicles or equipment
- Built-in tool box provides added storage without reducing truck bed space
- Patented RigidCore™ foam-filled lid to maximize strength and prevent binding
- Stainless steel lock handles with connecting rod for operation from either side
- MicroSeal™ gasket helps seal out moisture, dust and dirt
- Lid self-opens to 90 degrees and self-closes for convenient operation
- 5/16" nylock machine screws mount the box to the tank (no isolators needed)
- Lockable, commercial-grade vented cap with reinforced collar for added security (replacement cap #UWS-CAPS)
- Built-in drain plug for easy and complete emptying as needed
- 1/8" steel tabs for solid installation and built-in lifting hooks for easy relocation
- Internal baffles for extra strength and an even flow of liquid
- [See page 92 for application information](#)

DOG BOXES

COMFORTABLE CANINE TRANSPORT

A UWS truck dog box is the safe, comfortable way for your customers to bring their dogs along for the adventure. Our dog boxes are available in northern and southern styles, optimized for whichever region your customers will be driving in. We also offer an integrated storage chest option and a separate dog accessories box, providing extra, secure space for storing dog collars, training equipment and more. Each UWS dog box is made from aluminum, right here in the USA.

FEATURED PRODUCTS

Northern dog box

This double-door dog box features enclosed walls to help protect from wind and cold temps. It is also equipped with a top storage chest.

Southern dog boxes

These dog boxes have open rungs to let in cool breeze, and they are available with single or double doors. Both have a top tie-down rail.

Accessory box

This 34" wide box fits perfectly into the top of our dog boxes, providing secure storage of collars, training dummies and other accessories.

ACCESSORIES

GO ABOVE AND BEYOND

UWS truck accessories add functionality to your customer's truck. We offer an aluminum cargo carrier with an as-needed, hitch-mounted design for convenient installation, as well as an aluminum ladder rack for transporting an extension ladder, siding, pipes or other length materials. We also offer a number of replacement parts to accommodate all UWS tool boxes, including handles, hardware, trays, drawers, logo badges and much more.

FEATURED PRODUCTS

Cargo carrier

This lightweight aluminum cargo carrier easily mounts onto any 2" hitch receiver and provides extra storage with a 500-lb. capacity.

Ladder racks

These aluminum brackets mount onto virtually any truck bed wall and provide a load capacity of up to 250 lbs. for hauling long materials.

Replacement parts

We offer a wide variety of replacement parts for our crossover tool boxes, utility chests, transfer tanks and much more.

MARKETING MATERIALS

FULLY SUPPORTING YOUR BUSINESS

We believe in providing our customers with unique products and fully supporting the sale of those products in-store and online. For in-store sales, we offer signage, display stands and literature to draw in more traffic and help your customers make an informed buying decision. For online sales, we offer extensive image, video and content libraries available for your use. To use these resources on your website, please speak to your sales representative.

Contact your sales representative for a complete list of available items and how to qualify.

Literature & Catalog

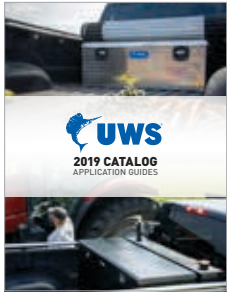

- Tri-fold literature (8-1/2" x 3-1/2") focuses on educating the consumer about the advantages of UWS tool boxes
- The catalog provides a complete listing of UWS products and vehicle applications (#9940010)
- Clear plastic stands available for displaying literature

9940007

9940011

9940010

Banner & Retail Signage

- Bold graphics and clear messaging to draw attention to your store
- Banner for use in-store and outdoors to help identify and promote your UWS tool box offering

9940002

9940003

Tool Box Display Stand

- Contact your UWS sales representative to determine the products best tailored to your needs
- Floor stand display can mount various tool boxes

9940009 display stand and included header card (tool boxes sold separately)

Display Signage

- Promotional placards for use on display stands or as in-store signage to help promote key UWS tool box features. Set includes:
 - Header card
 - Tool tray insert
 - Built-in features insert
 - Made in USA banner
 - Product features header 1
 - Product features header 2

PRO428 sticker signage set (tool box sold separately)

**TOUGH.
RELIABLE.
USA-MADE.**

Dependability does not come automatically. It has to be earned. Whether it's an individual, a truck or a piece of equipment – earning a reputation for being dependable is something that comes through dedication, consistency and hard work.

At UWS, we are determined to provide dependable products for hardworking individuals. That is why each of our tool boxes is made right here in the USA and why we continue to pursue innovation and quality enhancement in our product line.

From farmers, contractors and sportsmen to everyday American families, we want to give our consumers something they can be proud to mount in their truck and that will give them the security and confidence to achieve a job well done.
